## ROOSEVELT WAS NOT THERE

The Pressure of Business Prevented His Presence—Benning's Races Was Larger Attraction and Attendance Was Only Fair—Virginia's Errors Lost Them the Game.

(Special Dispatch to The Times.)

WASHINGTON, D. C., April 12.—Harvard defeated Virginia on the Y. M. C. A. field here to-day by the score of 11 to 8. The wearers of the crimson doubled the wearers of the orange and blue in the matter of hits, while the Virginians had nearly twice as many errors to their credit as their Northern adversaries, which accounted for the score.

President Roosevelt had been expected to attend, but the pressure of business occasioned by his recent trip to Charleston was too great for him to leave the White House. There was a fair crowd in attendance for the fact that this was the last day of the Benning's races drew largely from the crowd that would, under ordinary circumstances, flock to see a Virginia-Harvard game in Washington. There was a large number of ladies present, the majority of whom carried Virginia flags or wore Virginia colors and cheered vigorously for the University.

**VIRGINIA LED OFF.**

Virginia took the bat first. Pollard, the first man up, drew a base on balls and scored on errors by Skelton and Kernan. In Harvard's half of the first inning, Wendell got a hit and scored on a hit by Stellman. In the second inning Harvard scored again, Clarkson getting a two-base hit, scoring on errors by Yarbrough.

In the third Harvard scored two runs on three singles and an error by Coche, who threw the ball over the third baseman's head.

In the fourth the crimson got four more runs. In this inning Virginia made two costly errors, which, with two singles and a base on balls, virtually gave Harvard the game. The errors were made by Pollard and Connert.

**HOME-RUN SCORED FOUR.**

The sixth was Virginia's golden inning. Stellman, who had been pitching for Harvard up to this time, retired in favor of Clarkson, who for some time could not get control of the ball. He gave three men bases on balls, and with the bases full Carter lined out a home run to center field, netting four runs for Virginia.

Again in the seventh Virginia scored. Pollard rapped out a two-bagger, stole third and came home on a passed ball. This was Virginia's last run, though at the close of the game she had three men on base.

In the eighth Harvard scored two runs on three singles.

Virginia's base running was poor, while Harvard's was excellent. Barring the fourth inning, Virginia's play was good throughout, but never brilliantly. Harvard won the game on good base running, timely batting and Virginia's errors.

Errors on balls—by Carter, 2; by Stellman, 1; by Clarkson, 7. Hits pitched ball—Henderson, Wendell, Struck out—by Carter, 5; by Stellman, 3; by Clarkson, 6. Passed balls—Kernan, 2. Time of game—one hour and thirty-five minutes. Umpire—Orth. Washington team, American League.

The Negro Matthews, who has shown up so well as an infielder at Harvard this season, was with the crimson team to-day. There had been some speculation as to whether or not Harvard would attempt to place him in the Virginia line, but he sat on the bench throughout the entire game. Matthews has played short stop on Andover, and it is thought he will be the varsity short stop for Harvard this year.

He played several games at quarterback on Harvard's football team last autumn.

(Special Dispatch to The Times.)

LEXINGTON, VA., April 12.—The game between Virginia Military Institute and Hampden-Sidney resulted in a shut-out, and was rather farcical on the start, due to not being used to entire grass grounds, and the Cadets disposed of them easily. They repeatedly had a runner on third with none out, but scoring seemed impossible. The Cadets showed improvement over former players, and Captain pitched a fine game, striking out eleven.

A high gale prevailed, which caused some errors and kept the attendance down. The visitors play Washington and Lee University Monday.

**Sporting Notes.**

The game of basketball played between the Shamrocks and Columbus Friday night at the Y. M. C. A. was won by the former by the score of 19 to 7.

The Skeeters and Hornets will play tomorrow night.

The Executive Committee of the Sportsmen's Association will meet in a few days to formulate plans and rules. The purpose of the Association is to create a friendly feeling and interest among the sportsmen of the State. The committee embraces the following gentlemen: Messrs. Ben. Palmer, J. W. Harrison, Daniel Grinnan, Carter Jackson, M. D. Hart, Thomas Williamson, S. W. Travers, Barton Grundy, James Lewis Anderson, Jackson Guy.

Reddy Foster left last night for Davenport, Iowa. He has signed to catch with the "I. L. I." Club, of that city. John Bishop will also play in that city.

## UNIVERSITY'S NEW FRIENDS

Mrs. Mary Austin Carroll Gives \$10,000 a Year During Her Lifetime.

Last summer there was the greatest satisfaction felt among the alumni of the University of Virginia for many years by reason of its geographical position tributary to other cities which has recently been brought into closer communion with Richmond by the advent of the telephone, and is destined soon, through electric car lines, to become close and intimate in its relations with the Capital City of the State.

This splendid country, heretofore accessible only by water, will ere long wake to new life, and its magnificent products and trade that have gone for a century to other parts will largely find its way to this closer and more friendly market.

**WHAT WILL COME TO PASS.**

A road from Richmond due northeast would strike the fine old town of Tappahannock on the Rappahannock River after passing directly across the center of four rich counties, whose mean aggregate width is less than fifty miles.

Just think of it! One of the oldest towns in Virginia, older than Richmond, older than Williamsburg, comparatively a terra incognita to those of Virginia who do not travel the Rappahannock in boats.

Uncorrupted by the influx of a foreign element, it contains a population of a high and pure strain that has made Virginia envied among the States, and it will be a desirable union when Richmond and Tappahannock are joined by the waterway.

**A DOUBLE TRAGEDY.**

Married Man Attempts to Elope With a Young Girl.

(Special Dispatch to The Times.)

TARPO, N. C., April 12.—Two white men, Rubo Robertson and William Burroughs, are lying at the point of death in the hospital here as the result of a shooting affray, which occurred near the Shoring Cotton Mills at dusk this evening.

Barroughs, who is a married man, was trying to elope with Robertson's sister-in-law, and being overtaken by her, in Burroughs opened fire upon him, and in the fusillade which followed both men were mortally wounded.

**DEAD IN A STABLE.**

Tom Loving, Well Known Character, Found Dying Last Night.

Tom Loving, a well known character and familiar figure at the city jail and almshouse, died last night of heart disease in a vacant stable on Lee and Gilmer Streets, in the rear of a saloon kept by Frank Henderson.

Loving had been drinking during the early part of the night, and about 11 o'clock disappeared from the saloon and was not seen again until his death groans attracted a passer-by. The ambulance was summoned, but death came before the doctors arrived. A watch was placed with the body last night, where it lay on the floor of the stable. The coroner will view it this morning.

Loving was about fifty years of age, and until recent years, when he was much dependent upon the charity of the city, resided in Henrico county.

## JUDGE CALLED MILLER A DEMON

The Murderer of Miss Jennett Sentenced to Imprisonment for Life.

(By Associated Press.)

DETROIT, MICH., April 12.—At midnight to-night, seventy-two hours after Professor Joseph M. Miller murdered Miss Carrie M. Jennett with a hatchet, he was in Jackson prison, sentenced to life in the State Penitentiary for the murder. He was arraigned in the Recorder's Court this morning on the charge of murder. His attorney, who was appointed by the court, raised the question of Miller's sanity, and Judge Murphy accordingly appointed a commission of three alienists, Doctors Emerson, Hitchcock and Kennedy, to examine Miller. His plea was withheld, pending their examination. After a careful examination the physicians came into the court this afternoon and announced that they were agreed that there was no symptom of insanity in the defendant. Miller was then ordered to plead, and the confessed murderer said in a low voice, "Guilty."

Evidence was then introduced to prove the death of Miss Jennett. In sentencing Miller Judge Murphy called him a demon, and said that he had considered that sentence he was about to impose on him was inadequate to his horrible crime.

Mrs. Miller, who has been an invalid for several years, is prostrated at her home and is in a dangerous condition. She at first refused to believe her husband's guilt, even after he had confessed. But as the truth gradually forced itself on her, she collapsed.

## SUICIDE IN LOUDOUN.

## THE TOWN OF TAPPAHANNOCK.

Tappahannock, the county seat of Essex, is situated on the south side of the Rappahannock river about forty miles from its mouth. Besides being the largest town in the county, it is among the oldest in the State.

In the thirty-second year of the reign of King Charles II., an act of assembly set aside fifty acres of land and provided for the town of New Plymouth, for which was paid ten thousand pounds of tobacco and costs.

Afterwards by another act passed in the third year of the reign of King William and Queen Mary, the town and part of Tappahannock were established and the name of New Plymouth dropped, the deed for the same being well preserved and of record in deed-book 7 of the year 1699.

In 1848 an act was passed by the General Assembly to prevent the inhabitants of Tappahannock from raising and keeping hogs at large within the said town,

public and private schools, seven stores, two hotels, bank, court house, canning factory, pickle factory, broom factory, town hall, telephone service, four churches and about seven hundred inhabitants.

It is incorporated and has its town council, mayor, police and fire department. Just beyond the corporate limits lay the fair grounds and race track of the Tidewater Agricultural and Stock Association. The approaches to the town are two wide thoroughfares, one from the north and one from the south.

In summer these are delightful drives as through the trees are caught glimpses of the rippling waves and, when the hills are reached, long stretches of the river can be seen with its beach of pebbles and its golden sands and its grassy banks embroidered with flowers while here and there a white sail, like a graceful bird, floats on its ample bosom.

## THE STEAMER.

A daily steamer touches the wharf from Baltimore and Fredericksburg and is the means of public conveyance to and from the town.

The natural oyster rocks a few miles below the town furnish a liberal supply of the succulent bivalves, famous for their cooking qualities and preferred by many for all purposes. Fishing is unexcelled being a combination of salt and fresh-water fishing. Trap fishing is a remunerative industry and where the seasons are favorable is carried on extensively.

The courthouse is the special pride of the denizens of Tappahannock. Through the efforts of Judge T. E. Wright its walls are decorated with the portraits of Essex's famous sons and such men as R. T. Hunter, M. M. McKim, W. B. Wright, Thomas Ritchie, Andrew Montague, Thos. Croxton and many others whose footprints in the sands of time mark the passing of those who enrich history or add lustre to the present age.

The old records which date back as far as 1654 are a marvel of well-preserved antiquity. To these old records come frequent visitors to evolve ancient lore or Daughters of the Revolution.

## ARTESIAN WATER.

The water supply of the town comes from flowing artesian wells which are from 25 to 350 feet deep. Here wells which are conveniently located materially improve the health of the town.

Malaria is practically unknown in the place. Surrounding the town are large plantations upon which are grown rice, corn, wheat and fruit for the Baltimore markets. One peach orchard in sight of the town contains seventeen thousand trees and every year and tomatoes are raised by the scores of acres.

Tappahannock excels as a restful, quiet happy place, where the bustle of the State and the race for wealth finds its victim. The people are kind, generous and social, and, like Acar, have neither poverty nor riches, but with their trucks and oysters and their wild game in abundance, they feast like kings and are happy, contented and independent.

was the proprietor of the hotel at Waterford, and was well known in the county. His wife died last fall, and since that time he has been gloomy and melancholy, has brooded much upon death, and has wandered in the streets of Waterford and Leesburg.

His daughter had left the room for a few minutes this morning, and upon her return found Mr. Hough standing in the room, cutting his throat with a pocket knife. She immediately screamed for help, and two of the neighbors responded immediately, but they were too late to save the unfortunate man's life. They found him still standing in the room, covered with blood and still bleeding profusely. He was assisted to the bed and everything possible done to staunch the blood while waiting for a physician, who had been hastily summoned. All efforts proved futile, however, and he died in a few minutes.

He leaves four children, who have thus lost both mother and father within a few months.

## CHILD RUN OVER BY HEAVY WAGON

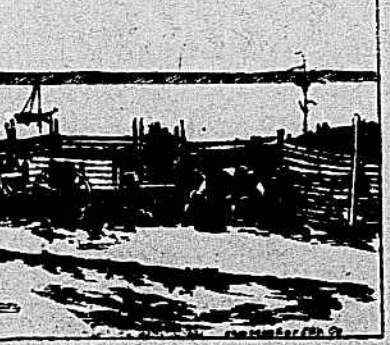

Little Miss Janet Jones Painfully but Fortunately Not Seriously Hurt.

Little Miss Janet Jones, the seven-year-old daughter of Mr. and Mrs. J. K. Jones, of No. 114 East Franklin Street, was run over yesterday afternoon about 1:45 o'clock by a grocery wagon and painfully, but fortunately, not seriously injured. The escape of the bright child was little short of a miracle, as her head was precipitated directly beneath one of the hind wheels of the wagon. The wheel ground into the flesh of the left side of her face and passed across her upper lip, just far enough above her teeth so as not to injure them.

Dr. Isaiah White was immediately at the

side of the injured child and dressed her wounds. Late last night she was resting easily, and the Doctor does not fear any serious result; nor does he expect any scars to remain after the wounds heal. Miss Janet is quite pretty and her smartness has made her a great pet at home and among her friends. She is as brave as a soldier and has not whimpered under the pain.

Neither the owner nor the name of the driver of the wagon was learned. Mr. Jones does not attach any blame to the driver, as the accident was almost unavoidable. There were several vehicles passing at the time and the child in attempting to cross Franklin Street from the opposite side to her home became confused and in dodging one vehicle ran into the wagon. She was not seen by the driver until too late to save her. After seeing that Miss Janet was properly cared for he drove off before his identity was learned.

## COMMONWEALTH TOBACCO CO.

Secures a Plant in Lynchburg and Will Do an Immense Business.

(Special Dispatch to The Times.)

LYNCHBURG, VA., April 12.—The Commonwealth Tobacco Company, chartered in New Jersey, with a capital stock of \$500,000, has secured the plant of the Sneed-Carrington Tobacco Company, of this city, and will make Lynchburg its headquarters.

The Commonwealth will be the Lynchburg branch of the Universal Tobacco Company. To accommodate the immense business which the company will do the plant will be considerably enlarged.

The officers of the Commonwealth are: William H. Butler, of New York, president; R. D. Sneed, of Lynchburg, vice-president and general manager; H. A. Allen, of Lynchburg, secretary and treasurer.

In addition to these the Board of Directors are: Frank Clifford, G. G. Watterton, George P. Butler, F. W. Galbraith and W. D. Juddins, of New York; Henry Vessinger, of Louisville, Ky.; J. L. Richards, of Boston, and I. S. Moore, of Lynchburg.

## Confessed the Murder.

(Special Dispatch to The Times.)

WELDON, N. C., April 12.—This morning Milton Beifield, who was shot and wounded Friday morning by Officer Dickenson, confessed that he killed Thomas Stephenson, at Roxabel. An officer came last night and identified Beifield as the murderer. It is learned that Stephenson also fired at Beifield and that they had had some words before the shooting.

The wounded negro is in a serious condition.

## OFFICER COOMES IN TIGHT PLACE

Suspended for Receiving Money for Signing Petition to Gov. to Pardon Young Doyle.

(Special Dispatch to The Times.)

LYNCHBURG, VA., April 12.—Officer J. R. Coomes, of the Lynchburg police force, was summoned to appear before the Board of Police Commissioners this afternoon to answer to the charge that he received a money consideration for signing the letter asking Governor Montague to pardon Edward J. Doyle, who was tried and convicted for an assault on his (Coomes') daughter.

At the request of Mr. Coomes' counsel the case was continued until next Friday. Chief of Police Irwin stated to the board that Mr. Coomes had admitted to him that he had received the money. He would give a satisfactory reason for doing so.

Mr. Coomes declared to the board that he had told the chief that the money had been paid to members of his family, but that he had not received any of it.

The letter to Governor Montague was signed by Officer Coomes and his wife and son, and Mr. Coomes is charged with having received for this service five hundred dollars from E. J. Doyle's father, M. Doyle. The case is the sensation of the hour in Lynchburg, and its development is being watched with intense interest.

## A SENSATION IN HALIFAX.

A Farmer Receives White Cap Notices and Arms Himself.

(Special Dispatch to The Times.)

VERNON, HILL, VA., April 12.—Quite a sensation has occurred among the neighbors in the Greendun neighborhood, which is about one and one-half miles from this place. It seems that not very long ago Mrs. John W. Spencer, who in the past has been some very unpleasant words with Mr. H. E. Greenwood, of all the same neighborhood, went over to see Mr. Greenwood at his home, and while there some very unpleasant words passed, causing Mr. Greenwood to abuse Mrs. Spencer severely, causing her to leave her home at once. After getting there, she notified her relatives and friends, of which she has a good many in this State and North Carolina, about it, causing them to become very impatient.

Consequently a few days ago Mr. Greenwood received several letters in the mail from some unknown source, stating if he did not forthwith and immediately make the proper amends for his conduct, that he would be dealt with, and that severely, which was signed "white caps."

Mr. Greenwood and family have been very much excited over it, and has had several of the neighbors well armed to stay with him every night since.

The telephone fever has struck some of our neighbors and there has been a private line run from Spotsylvania, Va., to Ingrams, a distance of about six or seven miles. The line is expected to be extended to this place, also, New Perry railroad station, which would add greatly to the line.

The Vernon Hill Academy closes to-day. Prof. Please Carlton and Miss Irene T. T. are the instructors. Scholars of this section have had an unusually hard time of it on account of measles, mumps, chicken pox, whooping cough, sore eyes and bad weather. Never before have there been so many complaints of sickness.

Farmers are making good use of the pretty weather by every preparation possible for a large crop of tobacco, but labor is very scarce.

LONDON, April 12.—It was ascertained late to-night that another Cabinet meeting has been arranged for to-morrow afternoon.

One of the curious features of the present negotiations is that five of the British representatives secured a legal training at the English bar.

## No Cabinet Crisis.

(By Associated Press.)

LONDON, April 12.—In consequence of the prominence given by the afternoon newspapers to the report that a Cabinet crisis had occurred, owing to the opposition between Mr. Chamberlain and Sir Michael Hicks-Beach, on the method of raising war funds, Mr. Chamberlain to-day issued a signed statement, saying that the report was pure invention and absolutely untrue.
